

Auditions & Technical Crew Sign-ups For Gilbert & Sullivan's *The Pirates of Penzance*

Production Dates: July 12, 13, 14, 19, 20, 21, 2013

Theatre de Jeunesse, Inc. is a local theatre arts program offered free of charge to Mid-Ohio Valley high school and early college aged young adults.

Captain Jack Sparrow has nothing on the Pirate King in the Tony Award-winning musical comedy. This wacky and irreverent farce spins a hilarious tale of sentimental pirates, bumbling policemen, dim-witted young lovers, ditsy and dewy-eyed daughters and an eccentric Major-General, all morally bound to the often-ridiculous dictates of honor and duty.

The technical crew will assist the Technical Director in the design and creation of the set, props, lights, and sound for the production. They will also provide the backstage and light rail support for the production as: stage crew, stage manager, assistant stage manager, and lightboard, sound, and followspot operators. Costume interns will assist the Costumers in the research, design, and construction of costumes.
